REVERSE GEAR
(Category: Coderz)

PROBLEM STATEMENT:

In this event, participants will be provided with 8 exe files of 'C' to crack and analyze these file for their input/output formats and patterns. Participants are supposed to guess the algorithm based on these exe files.

EVENT DESCRIPTION:

Till now you would have made numerous number of programs and have generated uncountable number of .exe's or .out's, but now we are here to make you scratch your head by inviting to do opposite of it.

COMPETITION RULES:

- The event will be conducted in two rounds.

- First- The Elimination round will be of 30 minutes and it consists of 30 objective questions on language 'C'.

- The qualifying candidates will participate in the Mains.

- Second- Mains round will be of 2 hours duration.

- Participants shall be provided computers and need not bring any laptops.

- If any participant found to copy source code of other teams, the person will immediately be disqualified.

ELIGIBILITY:

All students with a valid identity card of their respective educational institutes are eligible to participate in **REVERSE GEAR at ZEALICON 2014.**
